Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1- are rejected under 35 U.S.C. 102(b) as being clearly anticipated by King et al.

The claimed “first guide roller” and “second guide roller” are met by rollers 40. The claimed “roller disposed on the opposite side” is met by flattening rollers 35.

Regarding claim 2, the claimed “film holder” is met by carriage 10. The claimed magazine body is met by frame 11.

Regarding claims 3 and 4, the flattening rollers 35 contact the film as claimed.

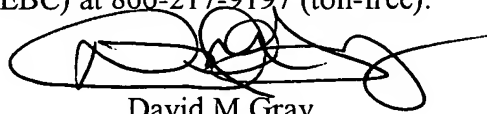

Regarding claims 5 and 6, the claimed “rib” is met by the edge of the aperture frame, see the raised portion adjacent the flattening rollers 35 in figure 2. These “ribs” and the flattening rollers are “arranged along said widthwise direction” as claimed.
